THE SQI COLLEGE OF ICT

Dear Sir/Ma,

I am writing to recommend Sarah Samson. I am the Software Engineering Head of Department at SQI College of ICT and Sarah Samson was a student with us for a period of 2 years during which she learnt Software Engineering and extensively honed her skills.

Sarah Samson during her period of study here learnt fullstack web development with stacks such as Javascript and its frameworks, PHP, Node Express, SQL, NO SQL, HTML, CSS and its frameworks and has a good understanding of Version Control Systems.

She has also built several projects with these skills such as an hotel management system, an e-commerce platform, a chat application and so much more.

Sarah is courteous, responsible and was always eager to learn and put to work the skills acquired. She delights in being excellent with projects and assignments given to her.

With these skills and qualities, I believe she'll be of great contribution to your ICT team.

Should you have any further questions about her, feel free to reach me.

Thanks,
